Provisional Local Property Tax Allocations 2022 – Leitrim County Council

A Chara,

I am directed by the Minister for Housing, Local Government and Heritage to inform you that the provisional Local Property Tax (LPT) allocations from the Local Government Fund for 2022 have been agreed and Leitrim County Council's allocation is set out below and in Appendix A to this document. LPT allocations have been calculated using the Revenue Commissioners' data on net declared liabilities of €496.5m post-variation in 2021 (as set out in Appendix B to this document). On a pre-variation basis, the full 2021 net declared liability amounts to €493.7m and this is the estimate applied to the provisional LPT allocations process for 2022.

This approach differs from previous years given that a revaluation of LPT is expected to take place later this year, which will lead to changes in both the overall LPT yield and to the yield in each local authority area. When detailed information on the 2022 yield is available, the matter will be reviewed.

Notwithstanding that, for the purpose of the provisional/pre-variation allocation, all other elements must also be based on the 2021 figures, including the LPT baselines, the equalisation contribution, and self-funding of housing and roads from surplus LPT.

It is recognised that the financial information required to support the decision of elected members will be preliminary and estimated given the timelines that apply to the process this year.

2022 Baseline

Every local authority is entitled to receive a minimum amount of funding under the LPT allocation process, known as the Baseline. Leitrim County Council's Baseline for 2022 is €8,956,315.

Equalisation

The local retention mechanism will continue in 2022. 80% of all LPT receipts will be retained within the local authority area where the Tax is raised. The remaining 20% of the Tax collected nationally will be re-distributed on an equalised basis to local authorities, within the context of the annual allocations of LPT, to ensure that all authorities receive, at a minimum, an amount equivalent to their Baseline. This 20% for equalisation will be based on the total expected level of LPT in each local authority area and will not be adjusted if the basic rate of LPT is varied. Based on its shortfall position when expected 2022 LPT receipts are compared to the 2022 Baseline, Leitrim County Council will be in receipt of equalisation funding in 2022.

Self-Funding

Some local authorities will receive greater levels of funding in 2022 from the Local Government Fund as a result of local retention of LPT compared to their Baseline. Local authorities will have the surplus allocated in two ways:

- Part of the surplus up to the equivalent of 20% of total expected LPT income (or the full amount of the surplus if that is less than 20%) can be used as additional income by local authorities for the authority's own use as part of their normal budgetary process; and
- The remainder of the surplus, if any, will then be available to the local authority to fund services in the housing and/or roads areas thereby replacing Central Government funding for some of these services. Authorities are expected to continue providing such services regardless of the changed approach to funding.

The specific detail of the level of Central Government Voted grants funding to be provided to local authorities is a matter that will be considered, as normal, as part of the Estimates process.

Based on its shortfall position when expected 2022 LPT receipts are compared to the 2022 Baseline, Leitrim County Council will not be required to self-fund services in the Housing and/or Roads areas.

Provisional LPT allocation to Leitrim County Council in 2022

The LPT allocation for Leitrim County Council for 2022 (pending any decision to locally vary the basic rate) is €8,956,315. As a local authority where 80% of the expected 2022 LPT yield is less than the Baseline, this allocation includes €7,208,837 equalisation funding in order to ensure the allocation is at least matched to the Baseline.

Please refer to the table in Appendix A, which sets out the basis for the allocation.

Variation

Every local authority has the power to vary the basic rate of LPT by up to 15%. It should be noted that if Leitrim County Council decides to vary the LPT basic rate upwards in 2022; 100% of the resultant additional income will be available for the authorities' own use. Similarly, if Leitrim County Council decides to vary the LPT basic rate downwards (by up to 15%) in 2022, the resultant loss in LPT income will be reflected in reduced LPT funding to the authority.

Local authorities are further reminded of their statutory obligations as set out in the Local Property Tax (Local Adjustment Factor) Regulations 2014 (S.I. Nos. 296 & 439/2014) and the Local Property Tax (Local Adjustment Factor)(Amendment) Regulations 2021 (S.I. No. 285 /2021) which take account of relevant provisions in the Finance (Local Property Tax) Acts. Previous guidance circular Fin 08/2014 also refers.

2021 LPT Statistics and Property Valuation Bands

2021 LPT Preliminary Statistics and Property Valuation Bands were provided to this Department by the Revenue Commissioners. This information is being provided for statistical purposes only to assist in the consideration of the local adjustment factor for 2022 LPT.

LPT statistics set out in Appendix B to this document outline the following:

- 2021 LPT Exempt (additional to declared liabilities)
- 2021 LPT Amounts Declared
- 2021 LPT Amounts Deferred
- 2021 Net LPT Position

The projected amounts for 2021 LPT reflect any local decision to lower/increase the basic rate by the local adjustment factor in 2021, i.e. data provided is post-variation.

This is of course subject to normal fluctuations that may be caused by transfers in property ownership and the on-going compliance campaign in operation by the Revenue Commissioners.

In accordance with section 152 of the Finance (Local Property Tax) Act 2012, the Department also requested information in relation to property valuation bands for each local authority area from the Revenue Commissioners as set out in **Appendix C** to this document.

Local Authorities will be advised of any further information once it becomes available.

Is mise, le meas,
