To whom it may concern,

I was saddened and disappointed to hear that gold prospecting licenses have been granted for North Leitrim.

I'm of the opinion that our natural beauty, tourism, and farming are much more important to the county than any short term boost in jobs that may come from mining.

The Leitrim County Development plan should reflect the unanimous will of Leitrim County Councillors who have registered their opposition to gold mining.

Can this be something that's done now, much as it was with fracking?

Thanks for your time,

Andy
