Subject: Deveploment Plan submission - Drumsna village

Hello ,

I'd like to make a submission or observation relating to the un-zoning of land in the village of Drumsna.

Serviced land , zoned previously in the last development plan , has now been unzoned in the latest draft of the county development plan. Surely this is a step backwards and would discourage land owners in the village , with fully serviced land , from developing this land in the future. I feel the council should be encouraging land owners in the village to explore options regarding their land such as housing or tourism related ventures instead of unzoning prime lands in the village. It's very disheartening to see this in the latest development draft.

Yours sincerely
karol mcloughlin
