**Subject:** Leitrim County Council Development Plan 2023 to 2029

Good evening,

I hope this email finds you well.

I am writing to you today regarding the library in carrick on shannon.

Me and my family use it a lot and its a great service to the community. I used to go there as a child in the 90s. The employees there are lovely and go out of thier way for the childern and people in general.

Unfortunately its not had much done with it since I myself was a child. The facilities the current library have in terms of size and space and facilities for other activities for larger groups and schools are lacking greatly. It is very small and the staff do their best to move things around to make space for children activities. Its go the basics, but not much else. It needs to be modernised to encourage the younger ones and teens to use it more.

Carrick and the community at large would greatly appericiate if you would include building a new library or at least extending or renovating the existing one.

I hope you can consider this request or suggestion.

Kind regards

Michael and Jenni Garvey
