Subject: Leitrim County Development Plan 2023-2029

To whom it may concern:

I would like to see a new building for the **Carrick on Shannon Library** in the Development plan from 2023-2029 please.

Myself and my family have noticed that many other towns, which have a significantly smaller population in comparison to Carrick on Shannon, have a newly built state of the art library.

We feel the Carrick on shannon library is not good enough for the population in Carrick and we would often travel to other libraries to benefit from they're services and wider range of facilities.

Please keep me informed on any updates.

Many thanks

Tara Cronogue - Killeen
