ORDER: I hereby order that in accordance with Regulation 250(1) of the Planning Development Regulations, 2001, (S.I. No. 476 of 2011), concerning “Screening for Appropriate Assessment – Addendum No. 1” which states:

“As there is no possibility of the additional Phase 3 GI locations affecting any European sites, the additional phase 3 GI works locations does not affect the conclusion of the AA Screening Report previously prepared by Scott Cawley Ltd. Therefore, following an examination, analysis, and evaluation of the best available information, and applying the precautionary principle, it can be concluded that the likelihood of any significant effects on any European sites, whether arising from the Project alone or in combination with other plans and projects, can be excluded, for the reasons set out in Section 3.3 of the AA Screening Report, and as set out in Section 3 of this AA Screening Addendum No. 1. In reaching this conclusion, the nature of the proposed additional Phase 3 GI works and their potential relationship with all European sites within the zone of influence, and their conservation objectives, have been fully considered. N4 Carrick on Shannon to Dromod Project Phase 3 Ground Investigation Works 3 Addendum No. 1 to AA Screening Report Therefore, it is the professional opinion of the authors of this report that the proposed additional Phase 3 GI works does not require a Stage 2 Appropriate Assessment or the preparation of a Natura Impact Statement (NIS).”.

Having considered the report entitled “Appropriate Assessment Screening Report - Phase 3 Ground Investigation Works for the N4 Carrick-on-Shannon to Dromod Project – Addendum No. 1” and report dated 11th December, 2023 from Mr. Bernard Greene, Senior Planner, Leitrim County Council and having agreed with the conclusion of both Reports, I have determined that the proposed road works as described in this report would not require an Appropriate Assessment or the preparation of a Natura Impact Statement (NIS)
